

SCHOOLS GO DIGITAL: EDUCATION, FINANCE AND OPERATIONS

AUTOMATE PURCHASING, INVOICE MANAGEMENT AND PAYMENTS

POWERING SCHOOLS AND EDUCATION SYSTEMS

School systems face immense budgetary and financial pressure, and an urgent need to digitize and shift backend operations remote. Vrooz's digital procurement and AP automation platform equips school administrators to manage purchasing, vendor invoices and payments remotely, while increasing financial control, boosting productivity and reducing costs – from anywhere, and on any device.

VROOZI: FINANCIAL BENEFITS

- 100% spend under management
- 15 – 30% savings on purchasing costs
- 40 – 50% savings on invoice management
- 60 – 75% savings on vendor payment costs
- Increased financial control and visibility
- Increased remote operational efficiency

Vrooz enabled a New York-based school to digitize 100% of its spend, vendor invoices and payments in less than a month, while helping teachers easily find and purchase supplies from anywhere.

VROOZI PURCHASE

Equip employees to buy goods and supplies like they do at home. Employees can easily search through approved vendor catalogs to get the goods and services they need, at the right price.

Track requests, approve purchase orders and centralize spend in a single, digital location.

Simple and modern consumer purchase experience with robust financial controls.

VROOZI INVOICE

Move to 100% digital and electronic supplier invoices

Seamlessly manage, control and confirm what you are buying whenever, wherever.

Automatically eliminate errors and control spend with budget, invoice and PO-checks.

3-Way Match ensures you receive what you purchase and only pay for what you receive.

VROOZI PAY

Digitize, streamline and automate all vendor payments.

Shift from paper checks to ACH and virtual cards to gain rebates and reduce cost per payment.

Improve payment accuracy and efficiency while reducing compliance and security risks.

INCREASE FINANCIAL AND OPERATIONAL RESILIENCE

Schools are innovating and adapting during these challenging times by going digital. Across the world, leading schools and educational institutions are investing in modern finance and purchasing technologies to:

- Make it easy for employees, teachers and administrators to work remotely or on-site
- Digitize operational and financial infrastructure
- Ensure they get critical product – like sanitizer and face masks – from approved vendors
- Increase compliance and reduce risk by purchasing only from contracted suppliers
- Create digital channels to engage and conduct business with key vendors
- Implement robust spend management to control costs and increase visibility

DIGITAL PURCHASE, INVOICE AND PAY

"100% of our spend is going through the Vroozi platform and our teachers love it. The systems makes it incredibly easy to request and purchase from pre-approved suppliers and simplifies the process of managing and processing invoices and payments, whether we are remote or on-site."

- Director of Operations, Large New York School

WHY VROOZI?

Vroozi's procure-to-pay solution enables educators to digitize purchasing processes, manage spend and create savings value from anywhere. In today's world – where budgets are tight and operations are increasingly going remote - schools can't afford to sacrifice financial control, visibility, speed or accuracy. Vroozi leverages the power of digital procurement to position school systems to be operationally productive, efficient and financially-savvy. The system is designed to onboard all of your existing vendors and add new vendors over time.

THE VROOZI MARKETPLACE IS DESIGNED TO HELP SCHOOLS QUICKLY AND EASILY GET WHAT THEY NEED, AT THE RIGHT PRICE, FROM APPROVED VENDORS.
