

VROOZI + NETSUITE

Extend NetSuite with a Modern Procure-to-Pay Experience

Drive user adoption, eliminate rogue spend, automate invoice workflows, and ensure every purchase flows into NetSuite accurately, compliantly, and in real time.

CONSUMER-GRADE EXPERIENCE. NETSUITE-GRADE CONTROL.

Vroozi extends NetSuite with a digital procure-to-pay platform that makes purchasing easy for every employee while giving finance and procurement teams the control, visibility, and automation they need to scale. With an intuitive marketplace, guided buying, automated approvals, invoice matching, and supplier collaboration, Vroozi helps organizations bring more spend under management while keeping NetSuite as the system of record.

DYNAMIC MARKETPLACE OF APPROVED SUPPLIERS

Give employees one place to shop approved suppliers and negotiated pricing while keeping purchases aligned with NetSuite controls.

SmartPR FOR NETSUITE

Turn guided buying, quotes, forms, and requests into compliant, NetSuite-ready PRs and POs — reducing manual re-keying, errors, and off-system spend.

APPROVAL WORKFLOWS

Route purchase requests, invoices, and exceptions through the right approval paths based on department, location, budget, supplier, category, GL code, or business rules.

BUILT-IN COMPLIANCE CONTROLS

Guide every purchase through approved suppliers, budgets, contracts, and policies, without slowing employees down.

BUILT FOR NETSUITE SUITEAPP

Connect procurement, invoice, supplier, and payment workflows with NetSuite to reduce manual work and improve data accuracy.

REAL-TIME SPEND MANAGEMENT

Centralize spend in one digital platform, increase visibility into committed spend, and help teams buy from preferred suppliers and negotiated contracts.

NETSUITE DATA SYNCHRONIZATION

Synchronize supplier, item, purchase order, invoice, approval, and financial data with NetSuite to reduce duplicate entry and improve reporting accuracy.

INTUITIVE USER EXPERIENCE

Give employees a familiar, consumer-like buying experience that increases adoption and reduces the need for procurement or ERP training.

REAL-TIME SPEND ANALYSIS

Turn purchasing and invoice data into actionable insights so finance and procurement teams can monitor spend, identify savings opportunities, and make faster decisions.

SUPPLIER PORTAL

Digitally connect with suppliers to exchange POs, invoices, order updates, and payment information through one collaborative portal.
